SOFT SKILLS

- Team Collaboration and Leadership
- Time Management
- Adaptability and Willingness to Learn
- Project Management
- Ability to Work Under Pressure
- Customer Service and Interpersonal Skills
- Professional Work Ethics

WORK EXPERIENCE

Systems Developed

HRMO – LGU Dupax Del Norte (OJT) | 2026

- **Employee Leave Record Management System** – Replaced paper-based leave tracking with a digital system that automates leave-credit calculations and provides searchable, printable leave report cards, reducing manual recordkeeping and calculation errors for HR staff.
- **Senior Citizen Records Management System** – Replaced manual paper-based recordkeeping with a centralized digital system that enables faster searching, easier record management, and printable attachments, improving access to senior citizen information.
- **PWD Records Management System** – Replaced manual record filtering and counting with a digital system that organizes PWD records by barangay and disability type, providing a data analysis dashboard, printable attachments, and easy access to records.

NVSU BPED Office (OJT) | 2026

- **Faculty Compliance Checklist Management System** – Digitizes faculty accomplishment and compliance tracking, manages submission deadlines, and helps monitor faculty activities and report submissions.

Tech Stack

- **Frontend:** React.js, JavaScript, HTML, CSS
- **Backend:** Node.js, Express.js
- **Database & Backend Services:** MySQL, Supabase, Convex
- **Desktop Development:** Electron.js
